

## Description

Exocet Diesel Supreme fulfils two functions:

- i) to act as an additive package for unadditised, terminal-sourced DERV (basic EN590 diesel)
- ii) to upgrade retail diesel to premium grade fuel

## Application

Exocet Diesel Supreme can be added either to bulk storage or directly into the vehicle tank. It should be used where consistent and optimal power delivery is required; fuel economy needs to be optimised; diesel knock and engine noise minimised; and emissions reduction is sought.

## Features

- Maintains injector and fuel system cleanliness
- Smoother power delivery and acceleration boost – increases the fuel's cetane number
- Reduces emissions by improving combustion efficiency
- Reduced tank filling time/ lower fuelling spillage
- Enhanced engine life-expectancy and corrosion protection
- Improved water resistance
- Combustion chamber deposit control
- Increases the life of diesel particulate filters (DPF) by minimising the load

Each 1 litre bottle of Exocet Diesel Supreme treats 2,000 litres of diesel

All exocet™ branded products are available in a range of sizes to 1,000 litres
